GARRETT® METAL DETECTORS

A safe environment begins with Garrett®

Don't be fooled by imposters. All Garrett products are designed, assembled, tested for quality control and shipped from the company headquarters in Garland, Texas, USA. Garrett's

ISO 9001 certified Quality Management System emblems are an outward reflection of the true quality within. All Garrett products are proudly made in the USA.

MADE IN THE USA

Walk-Though Metal Detectors: For maximum throughput without compromising security

Garrett's *PD 6500i* is an industry leader with superior pinpoint technology and unmatched discrimination features. This detector has proven its effectiveness at moving high volumes of patrons through such events such as the Olympic Games, World Cup 2010 South Africa, and the Pan-American Games in Mexico.

The *PD 6500i* has also been trusted to safeguard international airports, hotels, government buildings, and correctional facilities. With its advanced networking and ability to pinpoint targets in 33 detection zones, the *PD 6500i* is the walk-through of choice for security professionals worldwide.

The Garrett *PD 6500i* is an "Approved Product for Homeland Security" under the Safety Act.

- **Multi-Brand Compatibility** - Can be added to existing checkpoints without having to replace other brand units

- **Optimum Performance** - More than 20 standard program settings

- **Pacing Lights** - for traffic control

- **Advanced Networking** (Optional)

- **Directional Counter** - 4 settings for counting patrons: forward only, reverse only, subtract in reverse, and bidirectional

- **Advanced Broadband Technology**

- **More Accurate Pinpointing** - zone indicator lights on both side panels identify height plus left, center and right locations for one or more objects passing through archway

- **Dual-Sided Detection**

- **Superior Versatility** - Menu based settings for feature selection without the use of a computer.

- **Meets International Security Standards** - U.S., European, French, Spanish, Japanese, and U.K. airports

Metal Detector Caster Set
This set offers full mobility and includes: (2) Rigid Casters, (2) Swivel Locking Casters, available in **Gray only**.

Grainger #53DU76
Garrett Model 1169101

CMA (Control Monitor Analyzer) Interface Module Allows real-time access to all walk-through detectors on your network from a remote location. For use on a network with a personal computer.

Grainger #1ZTA3
Garrett Model 1168310
For use with #1ZRZ9 or #5ENY7

Hand-Held Metal Detectors: Designed to pinpoint individuals who pose a threat.

Grainger #10A457
Garrett Model 1165190
Super Scanner® V
Hand-Held Metal Detector

World Renowned
The Garrett *Super Scanner* is the most recognized hand-held metal detector in the world. Originally designed for use at the 1984 Olympic Games.

Rugged, high-impact ABS case with reinforced coil compartment. Exceeds Mil-Std-810F (drop test) Method 516.5, procedures II and IV.

Weatherproof rubber handle

Ultimate sensitivity
Detects medium sized pistol from 9" distance; large knife from 6"; razor blades and box cutters from 3" distance; foil-wrapped drugs and tiny jewelry from 1".
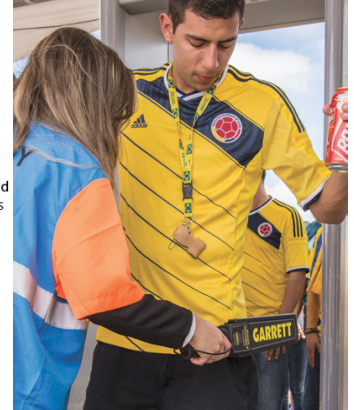

Large 8" (20.3 cm) scan surface for quick, thorough scanning.

Sharp audible alarm and bright red LED indicates the detection of metal.

Self-calibrating
Digital microprocessor technology eliminates the need for periodic sensitivity adjustments.

Momentary push button helps temporarily eliminate detection of nearby ambient metal such as rebar, metal walls.

Improved Features
Super Scanner V includes both audible and vibrating alarm options and extended battery life. Detects ferrous, non-ferrous and stainless steel weapons, contraband, and other metallic objects.

Grainger #1ZRZ7
Garrett Model 1165800
SuperWand®
Hand-Held Metal Detector

Dual alarm mode
Select clear audible or silent search/vibrate alarm modes. Power switch and LEDs positioned for easy access and high visibility.

Self-calibrating
Digital microprocessor technology eliminates the need for periodic sensitivity adjustments.

Optimum sensitivity
Detects ferrous, non-ferrous and stainless steel weapons, contraband and other metallic objects.

One-touch button operation
3-way switch (On, Off, Silent)

Elongated 8.75" (22.2 cm) scan surface for easy scanning from head to foot.

Pinpointing Tip

Ergonomically designed grip
Fits comfortably in virtually any size hand.

Rugged, high-impact construction with structurally isolated coil for added impact absorption. Exceeds Mil-Std-810F (drop test) Method 516.5, procedures II and IV.

360º Detection field
provides uniform sensitivity and tip pinpointing to detect weapons and other metal objects with extreme accuracy.

Grainger #1ZRZ8
Garrett Model 1165900
THD™
Tactical Hand-Held Metal Detector

Vibrating alarm and bright red LED indicates the detection of metal.

Ultra sensitive response to all ferrous, non-ferrous and stainless steel weapons, contraband and other metallic objects.

Bright LED flashlight for low light and night operations. Useful for scanning IDs and for searching pockets, handbags.

Easy ON/OFF battery cover.

Water resistant construction. Meets IEC 529 IP66 standards.

Rugged, high-impact case with weatherproof rubber grip. Exceeds Mil-Std 810F (drop test) Method 516.5, procedure II.

360º Detection field
Powerful 4-inch detection length. Silent vibrating alarm with red LED alarm indicator.

Evidence Recovery Metal Detectors: For crime scene investigation

Garrett has worked closely with law enforcement personnel for decades to create solutions to their challenges. Our latest crime scene metal detector, the *CSI Pro*, is also our most versatile. It is fully submersible to 10 feet and has exclusive iron identification features for iron-infested urban recovery areas.

The simple-to-operate *CSI 250* features unparalleled performance for budget-minded departments and agencies. Garrett's pinpointer, the *CSI Pro-Pointer*, is an essential tool for speedy search and recovery.

A legacy of safety, security and peace of mind.

Since being asked to provide walk-through and hand-held metal detectors for the 1984 Los Angeles Olympics Games, Garrett has furnished security checkpoint screening products for countless special events.

Garrett security products are used worldwide for:

- Airport Terminal Checkpoints
- Subway Terminals
- Cruise Ship Terminals
- Other Mass Transit

Public Domains

- Government Buildings
- Courthouses
- School Campuses
- Prisons
- Nuclear Facilities

- Corporate Security
- Hospitals
- National Landmarks
- Entertainment Events

Garrett Metal Detectors have been used in the Olympic Games held in:

- Los Angeles, CA
- Seoul, Korea
- Barcelona, Spain
- Atlanta, GA
- Nagano, Japan
- Sydney, Australia

- Salt Lake City, UT
- Athens, Greece
- Torino, Italy
- Beijing, China
- Vancouver, Canada

## Garrett has helped protect patrons of major sporting events, including:

- Pan-American Games
- World Cup Soccer
- College and Pro Stadiums
- Little League World Series
