

Bench Scraper

Series 6960

REMCO

Color-coded plastic scrapers support food safety material handling, cleaning and sanitation programs that are aimed at preventing cross-contamination.

Bench Scraper

6960

This bench scraper is an excellent solution for bench top scraping needs. The one-piece construction eliminates seams and crevices where bacteria can hide, making it a hygienic solution.

 FDA Compliant Raw Materials: Yes
 Material: Polypropylene

Colors

When ordering, add the color digit to the base part number to denote color.

Fully updated product specifications are available at Remcoproducts.com.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
