40 CAL ARC FLASH JACKET & BIB OVERALLS

Arc Flash Protection

Premium Lightweight Line

CPA's Premium Lightweight line of arc flash clothing provides flexible and comfortable PPE Category 4 protection, with a 40 ATPV rating. It is made from among the lightest weight, and most flexible PPE 4 fabric solutions available on the market today. This inherently FR fabric ensemble is made up of an outer shell and quilted liner made from a blend of advanced, high performance fibers such as para-aramid, meta-aramid, OPF, and Novoloid. Both the fabric system and garments themselves are sewn with Nomex® thread. Garments have loose fit and meet NFPA 70E and ASTM F1506 standards.
