

PRODUCT SPECS

12" HIGH VOLTAGE LEATHER PROTECTOR GLOVE

Arc Flash Protection

Leather protector gloves should always be worn over Insulating Rubber Gloves to provide mechanical protection against cuts, abrasions, and punctures. Made from top grain goat leather, the protectors increase the life of your rubber gloves.

Use high voltage gloves with Class 1, Class 2, Class 3, and Class 4 insulating rubber gloves.

Features

- 12" length
- Top grain cowhide for palm and fingers, split cowhide on under side of cuff, and hi-viz orange vinyl-coated canvas on front of cuff
- Provide mechanical protection against cuts, abrasions and punctures
- Made for use with Class 1, Class 2, Class 3, and Class 4 rubber insulating rubber gloves
- Pull strap for adjustable fit
- Reinforced thumb crotch
- Meet ASTM F496 standard
- Labeled in compliance with ASTM F696 standard
- Sizes 8-12 available, including half sizes, except size 11 ½
