T17 Superfoam®

Anti-Fatigue Matting

Anti-Fatigue

Superfoam® is an extremely lightweight anti-fatigue mat designed especially for ease of handling and ergonomic comfort. Made from a closed cell PVC Nitrile foam blend, Superfoam® is highly resistant to greases, oils, animal and vegetable fats. This allows it to be used in areas where occasional overspray and dripping occur such as dishwashing stations and bar areas. And because of its light weight, it is the perfect mat for areas where mats are regularly moved for cleaning like cooking lines, service counters, and food prep stations.

Available Colors: Black

<u>Test</u>	<u>Test Description</u>	<u>*Results</u>
25% Compression Resistance (psi)	ASTM D1056	6.0 - 12.0
50% Compression Set (%)	ASTM D1056	25 max.
Water Absorption (lb/ft ²)	ASTM D1667	0.1 max.
Tensile Strength (psi)	ASTM D412	90 min.
Elongation (%)	ASTM D412	100 min.
Flammability FMVSS302	0 Burn Rate	Pass

*All testing of NoTrax® floor matting has been performed by an independent testing laboratory.

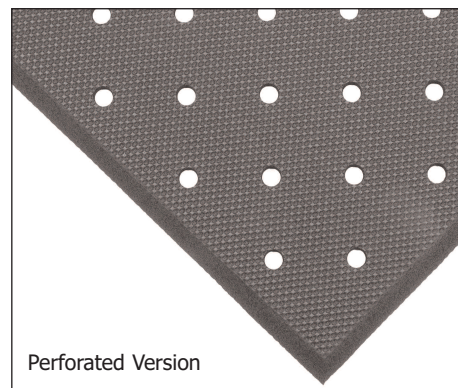

- Available in perforated version with drainage holes
- Nitrile/PVC blend construction: highly resistant to industrial chemicals, oils, and greases
- Beveled edges on all 4 sides (including rolls and custom lengths) to reduce trip hazards
- Easy to clean with a mild degreaser and hose, even dishwasher safe
- Overall thickness: 5/8"
- Stock Sizes: 3' x 2', 3' x 3', 3' x 4', 3' x 5', 3' x 6', 3' x 8'
