

Wall Bracket with Clip and Hooks

Series 1017

Interchangeable Parts

Customize the bracket to hold just the tools you need

Extendable Length

Mount brackets adjacently for custom storage solutions

Rubber Clips

Securely hold up to four tools per bracket

Polypropylene Hooks

Allows proper storage of any tool with a hanging hole

This is a wall bracket with a rubber clip and polypropylene hooks that holds up to 3 products. Proper storage of cleaning equipment supports hygienic environments and helps to extend the usable life of the equipment.

Wall Bracket with Clip and Hooks

1017

Brackets can be extended by mounting multiple pieces adjacently. Rubber hooks and clips are interchangeable to adapt to custom storage needs. The rubber clip design of this bracket firmly holds equipment in place.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
