

# 63"- 114" Waterfed Telescopic Handle w/ Quick Disconnect Fitting

Series 2973Q

## Male Quick Disconnect Fitting

Pairs with female quick connect adapter, 0703US, to provide a convenient, easy fitting system

## Hollow Polypropylene

Strong and FDA-compliant material allows water to flow through the handle

## Easy Extension

Its full extension height allows you to reach most ductwork and high areas like walls, ceilings, or tanks

This waterfed extendable handle allows water to travel through it for use in conjunction with a condensation squeegee or waterfed brush system. The male quick disconnect fitting pairs with a female quick connect adapter, 0703US, which allows it to be conveniently used with a water hose for a continuous stream of water.

## 63" - 114" Waterfed Telescopic Handle w/ Quick Disconnect Fitting

2973Q

□  
5

The hollow design of the Waterfed Telescopic Handle allows water to flow through it from a hose fitting with our female coupling. Handle easily extends to reach up to 114 inches.

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
