

# Series 33NEZ Smoke & Acoustical Pathway

**EZ-Path® Series 33NEZ Smoke and Acoustical Pathway** is a factory manufactured cable pathway solution for cabling penetrations in non-fire-rated walls and floors. **EZ-Path® Series 33NEZ** is a maintenance-free cabling solution that allows for 0 up to 100% visual fill of cables while maintaining exceptional smoke and acoustical ratings.

## Features & Benefits

- Exceeds the cable carrying capacity of a 4" (102 mm) sleeve utilizing typical putty firestop systems (35% cable loading)
- Installs as individual pathways or gangs of 2 and 4 devices
- Allows for easy moves, adds, and changes
- Available in blue and white
