Shurtape[®]
TRUE TO YOUR WORK[™]

You know the importance of having the right tools on the job. And, that no toolbox is complete without a roll or two of duct tape. Versatility and strength make this tape a mainstay, entrusted product for a wide range of applications, from protecting and holding to sealing and repairing. For those jobs that require aggressive stick and best-in-class performance, Shurtape offers the ShurGRIP® line of co-extruded duct tapes.

ShurGRIP duct tapes deliver the reliability and durability demanded of “classic” duct tapes, but are enhanced with an aggressive, stickier adhesive that provides superior holding power to a variety of surfaces. Available in light, medium and heavy duty grades, these tapes offer all-weather durability for indoor and outdoor use and excellent quick stick for temporary or permanent jobs. They are made using Shurtape’s Polybonded CO-EX Technology®, which results in a seamless construction that creates added strength and prevents delamination, a stress failure seen in laminated materials that causes tape layers to separate and their bond to weaken.

Duct tape isn’t a one-size-fits-all solution. But, when the job calls for aggressive stick and superior performance, ShurGRIP duct tapes deliver.

PC 589

ShurGRIP® light duty cloth duct tape that offers aggressive adhesive and best-in-class performance for sealing, seaming, repairing, holding and waterproofing applications. Co-extruded PC 589 is a 7 mil duct tape that offers superior adhesion with quick stick; all-weather durability, even in hot, humid, cold or wet conditions; excellent holding power for indoor and outdoor use; and easy tearability.

PC 593

ShurGRIP® medium duty cloth duct tape offers aggressive adhesive and best-in-class performance for sealing, seaming, repairing, holding and waterproofing applications, as well as for tasks in the restoration industry. PC 593 is an 8 mil co-extruded duct tape that delivers superior adhesion with quick stick; all-weather durability, even in hot, humid, cold or wet conditions; excellent holding power for indoor and outdoor use; and easy tearability.

PC 599

ShurGRIP® heavy duty cloth duct tape offers aggressive adhesive and best-in-class performance for sealing, seaming, repairing, holding and waterproofing applications, as well as for tasks in the restoration industry. A co-extruded, 9 mil repair duct tape, PC 599 provides superior adhesion with quick stick; all-weather durability, even in hot, humid, cold or wet conditions; excellent holding power for indoor and outdoor use; and easy tearability to finish jobs with speed and ease.
