

# 16" UST Deck Scrub

Series 7064

## UST Hygienic Design

Rounded edges and no acute angles limit areas for particles to collect and hide

## Hygienic Euro Thread

Hygienically designed Euro thread prevents walk-off and is easy to clean

## Unique Bristle Pattern

UST-only bristle pattern is easily cleaned and efficiently scrubs surfaces with stubborn soils

Vikan's 16" Ultra Safe Technology Deck Scrub with Ultra Bristle Security is effective for scrubbing surfaces with stubborn messes. The angled arrangement of the Bristle Security Units ensures efficient and effective cleaning, while the lack of resin, glue, and staples means bristle units are easy to clean, FDA-compliant, and more secure.

## 16" UST Deck Scrub

7064

Vikan's Ultra Safe Technology Deck Scrub is designed to be effective in scrubbing stubborn dirt on both textured and smooth surfaces in high-risk areas. The angled arrangement of the Bristle Security Units enables easy removal of stubborn debris.

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
