

PRODUCT USAGE CHECKLIST

3M™ MICROFIBER DETAIL CLOTH | 39016

- Unique super-soft micro-texture won't scratch or streak delicate automotive surfaces
- Ideal for paint, chrome, glass, dashboards, and more
- Removes residue including waxes, polishes, glazes and fingerprints
- Excellent product to use with all of the appearance line
- Quickly and easily removes fingerprints and residue from waxes, cleaners, and polishes

DIRECTIONS FOR USE:

- | | | |
|---|--|--------------------------|
| A | Fold cloth into square quarters to create a flat uniform surface | <input type="checkbox"/> |
| B | Wipe surface | <input type="checkbox"/> |
| C | Unfold and refold the cloth frequently to expose clean surface to avoid scratching caused from particles which are picked up by the Detail Cloth | <input type="checkbox"/> |

WASHING INSTRUCTIONS

- | | | |
|---|---|--------------------------|
| A | Because of the Detail Cloth's superior dust and dirt lifting and trapping properties, frequent washings are recommended | <input type="checkbox"/> |
| B | The cloth is hot water, chlorine bleach and dryer safe | <input type="checkbox"/> |
| C | Do not use fabric softener or dryer sheets | <input type="checkbox"/> |
