

Safety Shovel w/ 14" Blade- Extended Handle

REMCO

Series 6985SS

Remco's polypropylene safety shovel is tough and lightweight. It is a workhorse for moving bulk materials in industrial settings. This unit features an extended length handle and a wide blade.

Safety Shovel w/ 14" Blade- Extended Handle

6985SS

Available in green and black only

Wide blade allows workers to move more material faster, while the ergonomic design allows them to do it more comfortably. The durable construction means the shovel will be in use longer.

Specifications:

Length: 46.1"

Width: 13.8"

Height: 7.9"

Material: Polypropylene/Steel

Unit Weight: 4.00 lbs.

Colors

When ordering, add the color digit to the base part number to denote color.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.
