

SCEPTER™

DURAMAX

Already a global leader in the design and manufacture of portable fuel containers for the consumer, marine and military markets, Scepter Inc. developed the Duramax 14 gallon wheeled fuel container to compliment their extensive line of smart, trusted, and best-in-class containers. From the farm to the cottage, for work or for play, refueling has never been so simple! Designed for commercial and industrial applications, the Scepter Duramax provides a safe and convenient way to refill gas-powered tools, tractors, boat engines, generators, snowmobiles, ATV's, jet skis and more!

PATENTED PUMP HANDLE

SPILL-PROOF SHUT-OFF

STURDY 6" WHEELS

RUGGED DESIGN

ADDITIONAL FEATURES

- BOLT ON HANGER FOR CONVENIENT HOSE STORAGE
- FLOW RATE OF 2 GALLONS PER MINUTE IN SIPHON MODE

Ideal for campers, hunters and outdoor enthusiasts, the Duramax is ideal for refueling farm equipment, personal watercraft, ATV's, snowmobiles, generators, engine-driven compressors, lawn care products and other outdoor power equipment.
