

**Outperforms every leading competitor**

Experience advanced mechanics and ergonomics that deliver more strength, comfort and control

PowerArc™ technology gives you over 2X more power

Stainless steel blades power through thick materials and won't rust

Offset handle keeps your hand away from the materials you're cutting

**Superior mechanical advantage**

PowerArc™ patent-pending technology boasts curved blades that alter the angle between blades to give you over 2X more power, especially during the toughest part of the cut.

**Advanced ergonomics**

Offset handle can be used to cut from above or below, keeping your hand away from the materials you're cutting, and Easy Action™ handle opens automatically to help reduce hand fatigue.

**Guaranteed to last**

Full lifetime warranty.
