PRODUCT SPECIFICATION REPORT

Superior Solutions

Zep Ring Master™
All Purpose Bathroom Cleaner
Clinging Formula

DESCRIPTION

An easy-to-use, water-dilutable bathroom cleaner that removes rust, scum, hard water deposit, and stains from porcelain, ceramic, chrome and stainless steel bathroom surfaces. Contains a blend of mineral acids, emulsifiers, detergents, corrosion inhibitors, perfume and color indicator.

FEATURES	BENEFITS
• Heavy duty action	• Quickly removes rust, scum, stains and alkaline scale (hard water deposits).
• Economical	• Can be used straight or as little as 1 ounce/gallon.
• Easy to use	• Angle neck bottle makes it easier to clean hard-to-reach places, such as under the rim.
• Versatile	• Clean toilet bowls, urinals, shower stalls, ceramic tile, and most metal surfaces.
• Deodorizes	• Fights odor-causing bacteria and provides a sanitary environment on cleaned surfaces. Leaves a pleasant, refreshing fragrance.
• Pleasant to use	• No strong acid fumes. Won't harm septic tanks when used as directed.
• Color indicator	• The clinging, lime-green liquid insures complete coverage of vertical surfaces, while the color change to bright blue when rinsed or diluted with water insures complete rinsing.
• Clings to surfaces	• Provides prolonged contact time.

NOTE: Limit contact time on porcelain and chrome to a few minutes. DO NOT use on chipped or cracked ceramic, porcelain enamel, marble or terrazzo surfaces, as damage may result.

APPLICATIONS

Recommended for use in industrial bathrooms, showers and public restrooms. Especially useful in:

Child Day Care Facilities	Cleaning and Maintenance Services	Eating & Drinking Establishments
Hospitals & Nursing Homes	Hotels & Motels	Schools and Educational Facilities
