

Anti-Theft Security Kiosk Stand for iPad

Stylus Pen Included

Whether you need a security stand for display, point of sale or personal use, CTA Digital's Anti-Theft Security Kiosk Stand will provide the features you need. This stand is made of strong and stylish aluminum with the perfect design to serve as a workstation, kiosk display or retail POS iPad stand. The cast aluminum enclosure has openings for cameras and connections. The case can tilt to easily adjust the viewing angle and rotate for horizontal or vertical views. The base can also rotate a full 360 degrees to easily switch from register to customer-side transactions. The anti-theft case enclosure is securely locked closed and can be accessed with the included keys. The large base and solid stand offer stability and can also be secured to a desk or countertop through predrilled holes and the included mounting hardware for easy installation and extra security. An elegant all-in-one stylus and ballpoint pen is included and can be conveniently stored in the built-in holder found on the base. A set of clear protective sleeves is also included for use around restaurants or kitchens to keep the iPad touchscreen clean and dry. The case and bottom of the base are also padded to help protect your device and furniture. Find the balance between security and convenience for office, retail, display or any use with CTA's Anti-Theft Security Kiosk Stand.

Features:

- Strong and stylish aluminum kiosk stand design
- Easily adjust viewing angle or rotate for horizontal or vertical views
- 360 degree rotating base for easy register and customer-side transactions
- Key lock keeps iPad secured inside kiosk enclosure
- Enclosure designed for iPad with access to all ports and buttons
- Predrilled holes in base and mounting hardware included for secure desk or countertop installation
- Great for office, retail, restaurant, school or tradeshow use
- Includes clear protective sleeves to help keep iPad screen clean and dry
- Includes all-in-one touchscreen stylus & ballpoint pen with convenient built-in holder on base
- Padded casing and base to protect iPad and furniture

Universal Dual Security Kiosk with Locking Holder and Anti-Theft Cable for 7-13 Inch Tablets

Whether you need a professional security stand for display, point-of-sale or business use, CTA Digital's Universal Dual Security Kiosk with Locking Holder and Anti-Theft Cable for iPad, Surface, & 7 - 13 Inch Tablets will provide the features you need. This stand is made of strong and stylish aluminum with the perfect design to serve as a workstation, kiosk display or retail POS tablet stand. The aluminum enclosure securely locks your 7 - 13 inch tablet into place, adjusting to fit. For additional security, an included galvanized steel anti-theft cable attaches to security slots at the kiosk base or back of the holder, securing the stand to any permanent fixture. The stand can tilt to easily adjust the viewing angle and rotate for horizontal or vertical views. The base can also rotate a full 360 degrees to easily switch from register to customer-side transactions. The large base and solid stand offer stability and can also be secured to a desk or countertop with the included mounting hardware for easy installation and extra security. An elegant all-in-one stylus and ballpoint pen is included and can be conveniently stored in the built-in holder found on the base.

Features:

- Adjustable holder fits iPad mini, iPad Air, iPad Pro, Galaxy Tab, Surface Pro, and most other 7 - 13 inch tablets
- Key lock keeps tablet secured inside kiosk holder
- Galvanized steel anti-theft cable
- 360-degree rotation and tilt
- All-in-one stylus & pen with built-in holder
- Cable routing

Dual Security Gooseneck Kiosk Stand with Locking Case and Anti-Theft Cable for iPad & iPad Air

Make your tablet the cornerstone of a sophisticated, streamlined point of sale, with the Dual Security Gooseneck Kiosk Stand with Locking Case and Anti-Theft Cable for iPad and iPad Air from CTA Digital. This unique stand combines the security of two independent locking mechanisms with a heavy-duty and extraordinarily flexible gooseneck. The locking aluminum case encloses your tablet but leaves total access to the charging port, volume buttons, home button, and camera. The case can rotate a full 360 degrees for landscape and portrait orientations and fastens shut with a secure lock and key. A galvanized steel anti-theft cable attaches to a security slot at the stand base or on the back of the holder and secures to any permanent fixture for an additional measure of protection. The malleable gooseneck can be adjusted to accommodate any viewing angle, greatly simplifying register transactions. Keep your tablet charging and cable neatly tucked in with the included adhesive cable management clips and ties.

Features:

- Aluminum case allows access to charging port, all buttons, and front and rear cameras
- Case lock keeps tablet secured inside kiosk stand
- Anti-theft cable secures stand to any permanent fixture
- Heavy-duty, flexible gooseneck adjusts to create any viewing angle
- 2-in-1 stylus and ballpoint pen with built-in holder on stand base
- Adhesive cable management clips and ties
- Compatible with iPad Air, iPad Air 2, and iPad (2nd-4th generations); iPad Air models secured with included adapters

2-in-1 Kitchen Mount Stand for 7-13 Inch Tablets

This sturdy and stylish aluminum stand can be mounted on a wall, under the kitchen cabinet or used as a countertop stand to conveniently access apps or watch videos. This mount features a secure adjustable holder designed for 7–13 inch screen tablets from 6–8.75 inches wide or long. The retractable holder locks in place and has special padding to securely grip and protect the tablet. The holder can also rotate 360 degrees and is mounted to a highly adjustable stand with multiple joints that can pivot or rotate to get any viewing angle or position needed. Two mounting bases are included with mounting hardware to easily place in multiple locations in the kitchen, home or other preferred location. The base of the stand features expanding legs for extra stability, so it can be placed on a table or countertop for portable use.

Features:

- Holder adjusts 6–8.75 inches wide to fit iPad Air 2, iPad mini 4, Surface Pro 4, iPad Pro 12.9, and other 7–13 inch tablets
- Mounts to walls or under the kitchen cabinet with included hardware
- Includes 2 mounting bases for use around kitchen or multiple locations
- Hassle-free quick-release buttons make it easy to remove and access tablet
- Easily rotate tablet to any orientation with 360 degree rotating holder
- Highly adjustable stand with multiple pivoting and rotating joints

Suction Mount Stand with Theft Deterrent Lock for iPad, iPhone, and Other Mobile Devices

Protect your device using CTA Digital's Suction Mount Stand with Theft Deterrent Lock for Tablets and Smartphones. This anti-theft mount firmly attaches to the back of a tablet or phone on one end and to another smooth surface on the other end for extra resistance with ultra strong suction on both sides. The stand can then be locked around any secure object with the included steel-core combination cable lock. The 3-dial combination cable lock attaches over the suction locking lever so that the suction force cannot be released and works as a very effective theft deterrent, ideal for offices, dorms, coffee shops and other shared spaces. The suction mount attaches to desks and most smooth or nonporous walls and can be conveniently positioned with the adjustable stand to comfortably watch videos or enjoy apps anywhere. So enjoy added security and utility with CTA's Suction Mount Stand with Theft Deterrent Lock for Tablets and Smartphones.

Features:

- Double-sided ultra strong suction mount attaches to most smooth surfaces
- Comfortably watch videos or use apps with the adjustable stand
- Securely lock with included combination cable lock
- Resettable 3-dial lock combination
- Includes smooth mounting disc with adhesive plate
- Light and portable design

Gooseneck Clamp Mount for iPad & 9.7-10.1 Inch Tablets

Easily integrate your tablet into your home or office space and adjust it to any viewing angle, orientation or position you may desire with CTA Digital's Gooseneck Clamp Mount. Perfect for the living room, bedroom or workstation; the adjustable clamp mounts to most desks, bed headboards, tables and other edged surfaces so you can easily set it up anywhere to comfortably enjoy apps or videos. Featuring solid ABS and steel construction with a 20" bendable gooseneck, this mount offers sturdy support and multi-directional adjustment with a holder that securely fits the iPad (2nd-4th generation), iPad Air, iPad Air 2, and most other 9.7-10.1" inch tablets, including Samsung Galaxy Tab 2 and Note 10.1. So conveniently setup your tablet anywhere at home or work with CTA Digital's Gooseneck Clamp Mount.

Features:

- Flexible 20" metal gooseneck for multi-directional adjustment
- Easily adjust tablet to any orientation, angle or position
- Adjustable clamp easily mounts to desks, beds, tables & other furniture
- Compatible with iPad and most other 9.7-10.1" tablets
- Soft padding to protect your furniture

Anti-Theft Case with Built-in Stand for iPad & iPad Air

Now you can carry your iPad with peace of mind, by using CTA Digital's Anti-Theft Case with Built-In Stand for iPad, iPad Air and iPad Air 2. The heavy duty ABS case is padded with foam for impact resistance, protecting your tablet from bumps or scratches, and locks together with a 78" galvanized twisted steel core & PVC coated security cable allowing you to lock up your iPad anywhere that you can safely fasten it to while you step away. When you're ready to take the iPad somewhere else, simply use the included key and release the lock. This is ideal for offices, schools, dormitories and other public areas where you might take your iPad and leave it momentarily. This protective case also features a very useful and practical built-in stand, which provides multiple levels to comfortably view and enjoy your Apps in either landscape or keyboard orientation. It can also easily be switched to a vertical portrait position with the built-in mini-stand. So, comfortably enjoy taking your iPad anywhere, worry less about losing it and protect it from thievery or damage by using CTA Digital's Anti-Theft Case.

Features:

- Tough ABS case & foam padding for impact resistance
- Steel core security cable lock protects against theft
- Built-in stand with 8 different viewing levels
- Easily set up for landscape, keyboard or portrait layout
- Compatible with various cable locking solutions
- Includes built-in stand

Heavy-Duty Arm Mount with Lock for 7-10 Inch Tablets

CTA Digital's Heavy-Duty Arm Mount with Lock for Tablets brings functional furniture design to the forefront of your tablet-using needs. Combining durability and elegance, this arm mount is designed to stay standing a long time and look good while doing it. The mount, complete with a lock and key system for added safety and security, is compatible with most 7 – 10 inch tablets, making it perfect for the iPad Air 2, iPad Mini, Google Nexus 9 and more. Built with six joints, the arm of the mount swiftly and easily moves in any direction and allows for a wide variety of angles, orientations and heights that can cater to a multitude of situations and needs. CTA Digital's Heavy-Duty Arm Mount with Lock for Tablets also includes a cable management system to keep everything looking tidy and a spring calibration feature that helps absorb weight changes and hold your tablet steady during use.

Features:

- Works with most 7 – 10 inch tablets, such as iPad Air 2, iPad Mini and Google Nexus 9
- Spring calibration system to help manage weight shifting
- 6 pivot points provide a wide variety of direction, height, angle and orientation options
- Has a C-clamp setup for easy install and dismount
- Has a Grommet setup for more versatile installation options and a cleaner look
- Cable routing system

Tabletop Arm Mount for 7-12 Inch Tablets

For that ideal fixture to turn your tablet into a perfect accessory for the table, desk or countertop, look no further than CTA Digital's Tabletop Arm Mount for Tablets. Designed with two adjustable grips, one spring-loaded and the other activated by a quick-release button on the back, this mount conveniently works for any tablet, whether it's the iPad Pro, Samsung Galaxy Note Pro or Microsoft Surface Pro 3. The durable metal arm of the mount is built to last and perfectly accents home décor with its design. The frame also has five hinges, making it easily adjustable using only one hand and giving it a maximum stand-up height of 12 inches. CTA Digital's Tabletop Arm Mount for Tablets also features a simple cable routing system that helps keep all the attached cables neatly secured and everything looking good.

Features:

- Adjustable mount can hold 7 – 12 inch tablets, such as the iPad mini 4, iPad Pro, Galaxy Tab S, iPad Air 2, Surface Pro 4 and more
- Soft, rubber grips to prevent scratching or scuffing
- Hassle-free, quick-release button for easy access to loading and unloading a tablet
- Multiple joints provide versatile viewing options
- Cable routing system
- Made from aircraft aluminum for durable yet fashionable design
- Simple installation using a C-Clamp and Grommet system

Display Monitor Mount for 7-12 Inch Tablets

Thanks to CTA Digital's Display Monitor Mount for Tablets, you can now enhance your digital experience with the ultimate add-on to your home or office computer. With this easy to install monitor mount, you'll be able to enjoy the perfect dual-screen display as you unite both mobile and desktop for one ideal, hands-free setup. By simply attaching the mount to your monitor's available VESA slots, any tablet becomes a convenient accessory to your computer, and thanks to the two adjustable grips, one spring-loaded and the other activated by a quick release button on the back, any tablet actually means any tablet. Plus, it's got two hinges and a slide feature that lets you make adjustments to the orientation, angle and placement of your tablet device. So, whether you have an iPad Air 2, Samsung Galaxy Tab S or Google Nexus 9, make it a permanent part of your computer's hardware with CTA Digital's Display Monitor Mount for Tablets.

Features:

- Adjustable mount can hold 7 – 12 inch tablets, such as the iPad Pro, Galaxy Tab S, iPad Air 2, Surface Pro 4 and more
- A slide feature to adjust for size and placement of the tablet
- Two hinges to adjust for orientation, angle and placement of the tablet
- Industrial metal arm to support the weight of the tablet
- The frame is made specifically to fit VESA holes on the back of the monitor
- Can hang either right or left of the monitor

Turn any two surfaces from your home or office into a hands-free station for your tablet with CTA Digital's Wall, Under Cabinet & Desk Mount with 2 Mounting Bases for Tablets. This stand is a marvelous device built with four joints, making it adjustable for many different angles, orientations and directions. The mount features two adjustable grips, one spring-loaded and the other activated by a quick-release button on the back, which is compatible with any tablet, including the iPad Air 2, the Amazon Kindle Fire or the Google Nexus 9. This kit also includes two separate, easy-to-install mounting bases, which are amazing pieces of hardware that use a two-part locking mechanism to keep your stand and tablet held firmly in place, wherever it may be installed. So whether sitting on a desk, secured vertically to a wall or hanging upside down under a cabinet, enjoying your tablet from room to room has never been easier thanks to CTA Digital's Wall, Under Cabinet & Desk Mount with 2 Mounting Bases for Tablets.

Features:

- Two separate, easy-to-install mounting bases for the stand
- Adjustable mount can hold 7 – 12 inch tablets
- Soft, rubber grips to prevent scratching or scuffing
- Hassle-free, quick-release button for easy access to loading and unloading a tablet
- Multiple joints provide versatile viewing options
- Locking mounting bases keep your tablet firmly held in place

Ultra-Light Arm Mount with Clamp and Suction Bases

Make your tablet the flexible centerpiece of any home or office setup, with CTA Digital's Ultra-Light Arm Mount with Clamp and Suction Bases for Tablets and Smartphones. Constructed with portability in mind, this lightweight, foldable mount offers tremendous support, stability, and adjustability for your device, without any clunky hardware. Featuring 4 flexible arm joints and 360-degree rotation in both the headpiece and base, the Ultra-Light Arm Mount does not compromise on maneuverability, so you can enjoy your apps and media from any angle. Just pull open the spring-loaded holder to secure any device of 4.5 – 7.75 inches in width or length, including the iPhone 6S Plus, iPad Air, Galaxy Tab, and most 7 – 10 inch tablets. This kit includes two easy to use mounting bases, designed for quick install with no scuffing. First, a heavy-duty suction grip, built for fast, hassle-free setup on windows, smooth walls, or any flat table surface. Second, an adjustable, rubber-protected C-clamp, for reliable installation on any desk or table edge. Unmatched in convenience, these mounting solutions can be readily configured without tools, so you can construct sturdy, dependable tablet workstations on the fly. This sleek arm mount additionally includes a cable management clip system, so your device stays charged with no dangling wires.

Features:

- Spring-loaded holder and base rotate 360 degrees
- Arm includes 4 flexible joints and folds nearly flat
- Suction mount attaches to windows, smooth walls, or table surfaces
- Rubber protected C-clamp mount attaches to desk or table edges
- Easy install without tools
- Constructed from lightweight but durable materials for unmatched portability
- Complete cable routing system
