

PIG® Spill Response Tactics Training

DVD100 For Beginner; Intermediate, 60 Minutes, DVD

Train workers on best practices for handling incidental spills — from assessment to cleanup and reporting.

- New Pig knows clean, safe workplaces like nobody's business! Learn from the leader to help protect your workers, your facility and the environment
- Original content presented in easy-to-understand ways — no regulation-ese!
- Written and designed to keep workers awake and engaged for high retention and on-the-job action
- Topics covered include recognizing spills, assessing spills and using SDS, communicating spills, spill signaling, appropriate PPE selection, spill containment, absorbent use, spill cleanup, reporting, common obstacles to spill response and best practices in spill response
- Runtime is broken into short modules lasting 2 to 6 minutes each; fast-paced training that's informative, educational and entertaining
- State-of-the-art 3D animation shows real-world tactics that apply to everyday workplace applications
- Online version also available (item #TRN100) complete with quizzes and test to earn a PIG Training certificate of completion
- Winner of *Environmental Protection's* 2015 New Product of the Year Award
- Our No Guff Guarantee™ will refund every single penny if you're not completely satisfied with any PIG Training course
