32261 - Clear Anti-Fog Window and Shade 6 IR Flip Front window
32281 - Clear Anti-Fog Window and Shade 8 IR Flip Front window

Description and Performance

Sellstrom's DP4 Faceshield combines a clear anti-fog window with a flip-down IR window, providing uninterrupted protection for grinding, brazing and cutting operations. Our shade 8 IR window option meets ANSI Z49 standards for plasma cutting. Chin guard is now available for added protection below the neck from flying debris, particles or chemical splash. Includes an adjustable nineteen position ratchet headgear suspension that offers customization to individual users at the turn of a knob. Interchangeable parts extend the life of the faceshield and lower cost of ownership.

Standards Compliance

Meets ANSI Z87+ High impact, Clear Window is CE certified, CUL certified to meet CSA Z94.3 standards
