

Hirsh[®]

Mobile Pedestals

Hirsh mobile pedestals are designed and manufactured to be an ideal storage companion for any workstation. Ball-bearing slide suspension and all-steel construction make Hirsh products a reliable storage solution for all work environments; industrial, education, health care, hospitality, and other commercial markets. Choose from different depths and drawer configurations to accommodate your storage needs.

Mobile Pedestal Features:

- Precision ball-bearing suspension for smooth drawer action
- Core removable lock allows optional one-key convenience for multiple files
- Heavy-duty steel construction with integrated full-width handle
- Factory installed casters allow pedestals to roll under work surface
- Includes counterweights for extra stability
- Thoroughly tested to meet or exceed ANSI/BIFMA
- Made with up to 30% recycled material
- Limited lifetime warranty
