

Wall Bracket Replacement Clips

Series 1019

Replacement Pins

Eight pins allow easy customization of any of our wall bracket systems

Rubber Clips

Push any Remco/Vikan handle into a rubber clip and it will hold the tool until it's removed for a quick and easy storage solution

This kit contains 4 rubber clips and 8 pins for use with wall brackets 1017 and 1018. Allows total customization of the wall bracket system to fit any color-coded program. Extra clips can be added to hold more tools with any Vikan/Remco handles.

Wall Bracket Replacement Clips

1019

Wall Bracket Replacement Clips combine with our wall bracket systems to allow total customization of your storage system. Hold more tools with any Vikan/Remco handles and quickly store and remove them with our innovative clip system.

 Unit Weight: 0.11 lbs.

Colors

When ordering, add the color digit to the base part number to denote color.

Fully updated product specifications are available at Vikan.com.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
