

Multipurpose Broom, Squeegee, Dust Pan Set

Delivers tough, long-lasting performance, won't fray or wear out like other brooms.

Sweep, Scrub, Squeegee!

Features a centerline bristle design technology to sweep fine, dry materials especially well and it has a squeegee edge for liquids. Chemical resistant, so it can be used with a variety of disinfectant solutions or absorbent materials. Broom provides an all in one tool for containing, mixing in the absorbent and squeegeeing the used absorbent into a dust pan. Clean easily and thoroughly with just soap and water or chemical disinfectant.

The lobby pan is designed for wet, dry and combo spills. The patented 135° rotation of the dustpan allows for the T-Bar to be pulled completely out of the way when using squeegee to pull wet spills into the pan..

- Works on uneven surfaces
- Use for wet or dry spills
- Hygienic; washes clean to eliminate bacteria
- Separated; won't clog
- Specially formulated material
- Durable and chemical resistant
- Separated; won't clog
