

Large Stainless Steel Hand Scraper

Series 6972

Remco

Hanging Hole

The hanging hole allows for storage on a hanging hook and is easy to clean

FDA compliant

Constructed from polypropylene and stainless steel, this hand scraper meets FDA compliance standards

Durable blade

The beveled stainless steel blade can withstand heavy use

Remco's color-coded stainless steel scraper is an excellent solution for removing stubborn debris from smooth surfaces. The scraper is made entirely of FDA compliant materials, making it safe for food contact. Its ridged blade and ergonomic handle stand up to heavy and repeated use.

Large Stainless Steel Hand Scraper

6972

Remco's color-coded stainless steel scraper is an excellent solution for removing stubborn debris from smooth surfaces. The scraper's beveled blade loosens dried pastry dough, starches, chocolate, and burnt food. The scraper is made entirely of FDA compliant materials, making it safe for food contact. Its ridged blade and ergonomic handle stand up to heavy and repeated use.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
