PIG Grippy Restroom Mats

NO-SHIFT MATS FIGHT ODORS AND STAINS.

NEW!

Adhesive-backed mats keep your floors cleaner, drier and safer for a more professional restroom environment.

- Full product line to help **protect your entire restroom:** urinal mats, toilet mats, sink/dryer mats and more

PIG EXCLUSIVE! The only floor mats with an *entire layer* of adhesive backing.

- **Proprietary adhesive backing** provides full coverage across bottom surface to keep patent-pending PIG Grippy Mats in place with no shifting, curling or flipped up corners

- Sticks to your floor to **stop slip and trip hazards** and eliminate time spent repositioning mats that have shifted; mats peel up easily when you need to remove them
- Permanently infused with **antimicrobial technology** to prevent the growth of odor-causing bacteria and mold on the mats
- **Absorbent top surface** is engineered to pull in urine and water on contact, wick it away and dry out quickly
- Low-profile mats stay firmly in place to allow mops, brooms and even scrubbers to pass over for **easy cleaning** that extends product life
- Two impermeable backing layers ensure **zero liquid pass-through**, protecting your flooring and grout against degradation and discoloration from uric acid

Tested and certified by the National Floor Safety Institute (NFSI) to reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program.
