

PIG® Grippy® Urinal Mat

#GRP7002 - Adhesive Backing; Poly-Backed; Antimicrobial Fiber • 6 pads • Large

Keep floors cleaner, drier and safer with adhesive-backed PIG Grippy Urinal Mats for a more professional restroom environment.

-
- Provides extended drip/splash coverage on floors beneath urinals; place with one end abutting your wall for easy alignment (patent-pending mat design)
- Proprietary adhesive formulation applied across entire backing of mats ensures they stay in place with no shifting, curling or flipping up
- Sticks to your floor to stop slip and trip hazards and eliminate time spent repositioning mats that have shifted; mats peel up easily when you need to remove them
- Permanently infused with antimicrobial technology to prevent the growth of odor-causing bacteria and mold on the mats
- Top surface is engineered to absorb urine and water on contact, wick it away and dry out quickly
- Durable, low-profile mats can be mopped without shifting or sliding around, allowing you to extend product life
- Two impermeable backing layers ensure zero liquid pass-through, protecting your flooring and grout against degradation and discoloration from uric acid
- Tested and certified by the National Floor Safety Institute (NFSI) as a high-traction surface which can reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program
- Adhesive-backed TimeStrip® Indicators (sold separately) can be applied to your Grippy Restroom Mats for easy monitoring of service life; choose 30-day or 90-day indicators
