

Remco Utility Dustpan

Series 6350

REMCO

Hanging Hole

Opening on end of the handle allows for easy storage on a hanging hook

Smooth plastic

Plastic construction is easy to clean durable through years of use

This non-food grade dustpan is a great alternative to more costly hygienic dustpans. It helps clean up after spills to ensure a clean working area.

Remco Utility Dustpan

6350

Available in charcoal gray only

This dustpan has a smooth surface and rounded edges for a hygienic, easily cleanable surface. Though it's not food grade, the dustpan is a smart choice for keeping work areas clean and debris-free.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
