

## Shoe Disinfectant Mat with Adhesive-Backed Carpeted Rug

SAN202 Disinfect & Dry, For Commercial/Professional Grade Disinfectants, EPA List N Disinfectants, Alcohol, Cleaners And Sanitizers, 4' x 6' x 0.5"

Wash and sanitize boots and shoes at the door to prevent germs and dirt from entering your building; clean shoes in a disinfectant mat, then dry them on an adhesive-backed carpeted rug -- just bring your own sanitizer!

- Clean and disinfect shoes in a disinfectant mat then walk off excess disinfectant on an adhesive-backed carpeted rug to safely clean and dry shoes; promotes a clean, germ-free facility, while reducing the likelihood of slips, trips and falls
- Place at the entrance or doorway in offices, retail environments, reception areas or lobbies where appearance matters
- Adhesive-backed rug stays exactly where you put it with no shifting, bunching up or ripples that cause slips and trips
- Shoe scraper mat contains rubber finger-like scrapers to remove dirt, mud, debris and germs from the soles of shoes; contains 50% more "fingers" than standard scraper mats to dislodge even more debris and keep your facility cleaner
- Fill shoe sanitizer mat with your own disinfecting solution; immersing the soles of shoes in the mat removes contaminants and germs from the soles of shoes
- Adhesive-backed rug catches any overflow or splashes and provides a safe walk off surface to dry shoes after sanitizing
- Carpeted rug sticks to the floor with a super-tight grip, but peels up easily without leaving a residue or damaging floors
- Cleans easily in place using mop, floor scrubber or vacuum without budging
- Extremely durable rug stays in place for up to 3 months even under heavy foot traffic
- Shoe sanitizer mat holds over a half-gallon of disinfectant; compatible with FDA approved List N disinfectants, chlorine and quaternary ammonium
- Adhesive-backed rug will stick to most commercial floor surfaces including concrete, VCT, linoleum, ceramic tile, quarry tile and

laminate; sticks to the floor with a super-tight grip, but peels up easily without leaving a residue

- Contains (1) shoe disinfectant mat and (1) adhesive-backed carpeted rug

Item#	Description	Dimensions	Weight
SAN202-BK	Black	4' W x 6' L x 0.5" H	18.43 lbs.
SAN202-GY	Gray	4' W x 6' L x 0.5" H	18.43 lbs.

### Metric Equivalent:

Item#	Description	Dimensions	Weight
SAN202-BK	Black	121.9cm W x 182.9cm L x 12.7mm H	8.4 kg
SAN202-GY	Gray	121.9cm W x 182.9cm L x 12.7mm H	8.4 kg

### Specifications

<b>Style</b>	Carpeted Rug
<b>Use With</b>	Commercial/Professional Grade Disinfectants, EPA List N Disinfectants, Alcohol, Cleaners And Sanitizers
<b>Dimensions</b>	4' W x 6' L x 0.5" H

### Disclaimers

#### [Pig Adhesive-Backed Mat Notice](#)

New Pig adhesive-backed mats are formulated to work with most common industrial and commercial floor surfaces but are not intended for home/residential use and wood flooring. All adhesive mats have some potential to leave residue or lift or discolor finish coatings, paint, and loose or pre-damaged tiles depending on the condition and age of the floor surface. If you have questions about the suitability of New Pig adhesive-backed mats for your application, test a 6" x 6" piece in a non-critical area before use. New Pig adhesive-backed mats should be replaced if they show signs of wear or damage and should always be changed out before 13 weeks of use.

CUSTOMER ASSUMES THE RISK THAT A NEW PIG ADHESIVE-BACKED MAT MAY DAMAGE OR ALTER CUSTOMER'S EXISTING FLOORING OR FLOOR COVERING. NEW PIG PROVIDES NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE AND NO WARRANTY THAT THE USE OF AN ADHESIVE-BACKED MAT WILL BE ACCEPTABLE FOR USE IN THE CUSTOMER'S FACILITY. NEW PIG SHALL HAVE NO RESPONSIBILITY FOR, AND CUSTOMER HEREBY RELEASES AND DISCHARGES NEW PIG FROM, ANY DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES TO CUSTOMER'S FLOORS, FLOORING MATERIAL, OR ANY OTHER SURFACES IN CUSTOMER'S FACILITY. CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THE FITNESS AND APPROPRIATENESS OF THE USE OF A NEW PIG ADHESIVE-BACKED MAT IN CUSTOMER'S FACILITY.

#### [Color Variation Statement](#)

It is normal for top layer materials to show minor variations in color between production runs. This is particularly true for the grades of materials used in consumable or disposable products such as our adhesive-backed mats. New Pig makes every effort to achieve consistent color, but some variance is possible. Perceived differences in color may also result from mat layout orientation or uneven traffic wear patterns.

#### [Safety Instructions Regarding Flammable Liquids for Flame Resistant Mats](#)

Pig Absorbent Mats are flame resistant in their unused state, but take on the properties of flammable liquids they absorb. Always take proper precautions against potential ignition in handling and disposal of these mats if they have absorbed flammable liquids. For further assistance, please call Technical Services.
