

# E. James & Company

## Sponge

Closed cell foam has many applications. It can be used as gasketing, seals, pads, weather stripping, insulation, cushioning, and packing.

Nitrile - EPDM - Hydrin - Neoprene - Neo EPDM SBR - Vinyl Nitrile

*Various lengths and widths are available for all above styles.*

## Closed Cell Sponge Applications

### Appliances

Air-Conditioning Seals & Gaskets  
Baseboard Heaters  
Dishwasher Gaskets  
Electric Sign Gaskets (UL)  
Humidifier Mounting Pads  
Lighting Equipment Gaskets (UL)  
Refrigerator Seals  
Sander Pads  
Sound Equipment Padding  
Stereo Speaker Vibration Pads  
Vacuum Cleaner Gaskets  
Washer/Dryer Seals

### Control Panels

Air/Dust/Oil/Water Seals  
(Fire/security Systems)

### Industrial / Residential Tools

Knee Pads  
Sanding Pads  
Packaging  
Gaskets

### Office Equipment

Mouse Pads  
Equipment cushioning pads  
Sound insulation

### Automotive

Air-Conditioning, Heating &  
Ventilating systems gaskets & seals.  
Antenna Gaskets  
Carburetor Gaskets  
Firewall Seals  
Lighting Gaskets (Interior/Exterior)  
Noise, Vibration & Harmonics Pads  
Steering Column Seals  
Vehicle Trunk & Door Seals  
Wiring Harness Gaskets

### Electrical Enclosures

Air/Dust/Oil/Water Seals (UL  
recognized for NEMA  
applications)

### Lighting Industry

Interior/Exterior:  
Air/Dust/Water Seals

### Sports Equipment

Backpack Pads Boat  
Cushions Fishing  
Rod Holders

### Construction

Concrete Curing Blankets  
Door Seals  
Electrical Box Seals  
Metal Building Closure Seals  
Pipe Wrapping  
Receptacle Seals  
Weather Stripping Lighting Fixtures  
Window Seals

### Heating / Air Industry

Air/Dust Seals  
Gaskets/Weather Strip  
Ductwork: Weather Strip, Air/Dust

### Marine Industry

Hatch Seals  
Weather Strip

### Other Applications

Die Ejection Materials  
Conveyor Belts Cushions  
Rail Car Repairs  
Survival Suits (Insulation)  
Shoe/Boot Insulating Insoles
