

16" Fine Particle Push Broom

Series 3178

Wide-Width Block

Covers wide area to maximize efficiency

Hygienic Euro Thread

Hygienically designed Euro thread prevents walk-off and is easy to clean

Soft/Split Bristles

Soft bristles sweep fine particles and split bristles hold water more easily for a better washing effect

This floor broom has soft bristles for sweeping dry, fine particles. The soft bristles with split ends will easily sweep fine particles or hold more water and cleaning agent to achieve a maximum washing effect. The wide block makes sweeping more efficient and allows workers to cover more area at once.

16" Fine Particle Push Broom

3178

This soft/split bristle floor broom is suitable for dry environments, and is ideal for sweeping flour and starch as well as other dry powders. It can also be used with water and a cleaning agent to wash floors.

The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
