

# 16" Combo Push Broom

Series 3174

## Wide-Width Block

Covers wide area to maximize efficiency

## Hygienic Euro Thread

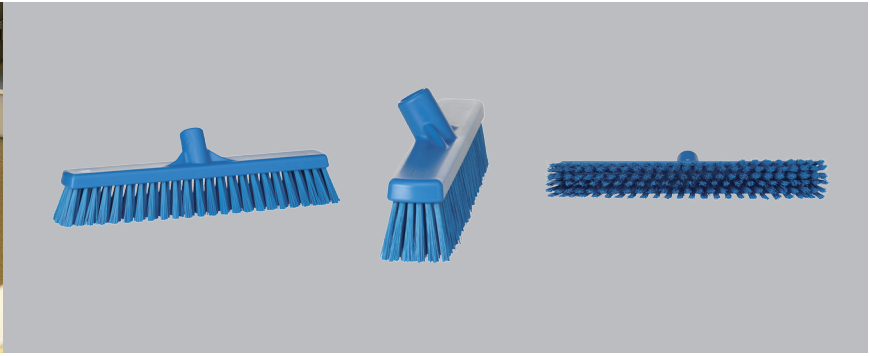

Hygienically designed Euro thread prevents walk-off and is easy to clean

## Combo Bristles

Stiff bristles in the front loosen dirt and push heavy debris, while soft bristles in the back gather fine particles

This sweeping broom has two types of bristles, stiff in the front and soft at the back. The stiff bristles loosen stubborn debris, and the soft bristles sweep away fine particles. Combining the best of both stiff and soft-bristled brooms, the Combo Push Broom can handle almost any job. The total-color broom makes conforming to color-coding HACCP plans easy.

## 16" Combo Push Broom

3174

This fully color-coded combo sweeping broom has two types of bristles to pick up every size of debris, and comes in nine colors to support color-coding HACCP plans. The hygienic design doesn't have sharp angles or molded crevices, making it easy to keep clean.

## The Color-Coding System

Remco and Vikan® brands offer an integrated color-coding system to help mitigate the risk of cross-contamination in food processing facilities. With an array of color-coded tools and storage brackets, and years of experience building effective color-coding systems, the experts at Remco Products Corporation can help you effectively apply color-coding to divide and identify different zones or processing tasks. As a result, workers can more easily comply with material handling and hygienic cleaning procedures to maintain stringent food safety standards.

Please see the full-line catalog for a complete list of Remco™ and Vikan® products.
