

# ALTRAGRIPS-LITE™

1-888-NO-SLIPS

**ALTRAGRIPS-LITE™ All-Traction™ Footwear** is designed to increase traction in outdoor slick winter conditions such as ice, snow and slush. The two different versions of ALTRAGRIPS-LITE™ allow you to choose from the level of aggressiveness of traction.

ALTRAGRIPS-LITE™ fits over all types of work shoes and boots and is both lightweight and easy to put on and take off. The traction on ALTRAGRIPS-LITE™ comes from the 16 tiny tungsten carbide studs that are sealed into the sole of each pair.

The High Profile (HP) version offers more aggressive traction in ice and snow conditions while the Low Profile (LP) version offers more walking versatility. With the LP version, users can safely walk indoors and drive vehicles.
