POLY-OVERPACK® 20 & 30 SALVAGE DRUMS BIG FEATURES AND BIG SAVINGS!

New 20 and 30-gallon Salvage Drums are versatile units that can directly contain solids and sludges with security. With a half-turnlid, these ergonomically designed units allow for easy access, unlike competing “hoop-ring designs” that need a bolt and nut. The 20-gallon unit accepts bottles, cans, and 5-gallon pails, while the 30-gallon unit can contain up to 16-gallon drums. Units are also nestable, which allows for ease of shipment. Save on shipping cost and storage space!
