

Flared Channel Decking

Gray Powder Coat Finish

PRODUCT SHEET

Ready Deck™ Flared Channel Decking is a waterfall design used on Box or Structural Beams. This decking offers a broad array of stock and quick ship sizes along with limitless custom options. Our deck is strong, safe and reliable and simply drops into place for easy installation. **Ready Deck™** increases fire safety by improving performance of your sprinkler system. It is self-cleaning and maintenance free and will provide years of durable use. The finish is gray powder coating which is a tough, durable finish also available in a variety of custom colors. Our **Ready Deck™** Stock Line will accommodate most structural beams found in the industry today.
