

Fresh Wave IAQ Gel Wall Mount Unit

The Fresh Wave IAQ Gel Wall Mount Unit is designed to hold one jar of 8oz. gel. It can be easily mounted to most surfaces.

Made of white plastic, the unit is functional and subtle; hiding the product out of sight allowing it to work discreetly. It features a cutout in the bottom of the unit making it easy for removal once it is time to replace the product.

Ideal For:

- Restrooms
- Resident Rooms in Long Term Care facilities
- Patient Rooms in Acute Care facilities

Technical Information:

ADA Compliant.
Designed for use with Fresh Wave IAQ 8oz. Gel. The Gel Wall Mount Unit can be mounted to most surfaces using the industrial strength double-face tape provided with each unit.
Cleaning the Mounting Surface: The mounting surface must be free of dirt & grease. Wipe down the mounting surface with alcohol before adhering the Gel Wall Mount Unit to the surface of the wall.
Mount the unit at least 7 ft. above the floor, but not closer than 12 in. from the ceiling.
Locate the Gel Wall Mount Unit comfortably away from air return and air supply vents as well as windows. Locating the units too near excessive air flow may accelerate evaporation.
