

MP600 BASIC - BLACK

We can think of about 600 reasons why this much-applauded multi-tool belongs on your belt. But don't worry, we'll just stick to the most important ones here. Like profound versatility, for example. And failsafe performance. And a level of rock-solid design and construction that pleases the eye and satisfies the soul.

It all begins with high quality stainless steel. Then we incorporated Gerber's patented one-handed opening pliers. You'd be hard pressed to find a more rugged or more fearless multi-tool out there. But go ahead and look around a bit. See what you think. Then come back to Gerber and pick the Multi-Plier 600 that truly suits your needs. We're building plenty.
