

MP600 - BLADELESS

It all begins with high quality stainless steel. Then incorporate Gerber's patented one-handed opening pliers. Top that off with our patented replaceable tungsten carbide wire cutters, a plethora of everyday implements and an indestructible sheath and you'd be hard pressed to find a more rugged or more fearless multi-tool.

Designed specifically for the unique needs of industrial facilities, hospitals and other institutions, this tool complies with "No Knives" policies and helps ensure safety in the workplace.
