

KC12 Crimping Dies

12-Ton UL and cUL classified crimping dies for copper connectors.

Introducing the KC12 Series of crimping dies —Greenlee® is pleased to announce new crimping dies for use on copper color-coded lugs and splices. These new dies produce a hexagonal crimp that is the style preferred by many customers. They may be used with all brands of 12-ton crimping tools that are designed to accept industry "U" style dies.

When used with Greenlee 12-ton tools this entire series of dies are UL and cUL classified with Anderson, Blackburn, FCI Burndy, IlSCO, Panduit, Penn-Union, and Thomas & Betts copper color-coded lugs and splices. This is a Greenlee exclusive!

The KD12CU crimping die kit is being updated to include the new dies.

PRODUCT FEATURES

- All dies produce a hexagonal style crimp - the style preferred by most customers.
- When used with Greenlee 12-ton tools, this entire series of dies are UL and cUL classified with Anderson, Blackburn, FCI Burndy, Ilasco, Panduit, Penn-Union, and Thomas & Betts copper color-coded lugs and splices. This is a Greenlee exclusive!
