

GREENLEE®

A Textron Company

T-Handle Hex Keys

Kit and Individual Sizes

*Offered Individually
or in a
10-Piece Kit!*

Maximum Torque and Comfort...

Greenlee's new T-Handle Hex Keys were designed for maximum torque and comfort. Shaped for an optimal fit, and with a non-slip rubber overlay, hand fatigue will be a thing of the past. The high-quality chrome-vanadium hardened steel has been precision machined to ensure accurate and sure engagement. And with a forgiving ball-end shaft, you have up to 30 degrees for misalignment which comes in handy when working in tight or awkward spaces. These T-Handle Hex Keys offer the premium quality Greenlee is known for and are sure to become a must-have tool for the professional tradesman.

Features

- Ergonomic molded grips for maximum torque and comfort.
- Heavy duty construction for longer life.
- Exceeds ASME/ANSI specifications.
- Hex size and part numbers molded in high visibility areas for easy identification.
- Chrome-vanadium, hardened steel for superior strength and durability.
- Precision machined for accurate fit and sure engagement.
- Black oxide finish to resist corrosion.
- Ball end allows up to 30 degrees misalignment.
- Additional square cut drive for high torque applications.
- Limited Lifetime Warranty.
