

ICEGRIPS®

ICEGRIPS® ice walking sandal is an aggressive outdoor-only ice and snow walking device. ICEGRIPS® fits securely over all types of footwear and provides maximum traction in winter's harshest conditions. The patent pending replaceable straps increase the product lifespan and enable ICEGRIPS® to fit a wider variety of boots.

ICEGRIPS® is an industrial strength item that offers extreme durability for the worst work environments. If your employees must walk or work outside in nasty weather conditions for extended periods of time, ICEGRIPS® is the perfect product for you.

1-888-NO-SLIPS

There are not a lot of options out there for the real industrial workers of the world. The internet is loaded with random ice walking items, but most don't work in sustained harsh conditions. You can't expect that the same items that people are buying to walk to their car are going to work for a rugged industrial environment. ICEGRIPS® was clearly designed with the industrial worker in mind. It's aggressive, durable and extremely effective.

DISTINCTIVE FEATURES

Molded-In Tungsten Studs

Molded-in tungsten carbide studs ensure maximum retention even in the worst conditions.

1/2" Defined Heel

The defined heel and 2" clean arch allow for safer climbing when the job calls for it.

Self-Cleaning Angle Tread®

The patented Angle Tread® design helps the sole to self-clean by forcing contaminants outward.

Unique Patent Pending Strap System

ICEGRIPS® has been designed with a unique patent-pending removable strap system. The ICEGRIPS® straps are not permanently sewn into the sandal and as a result offer a variety of end-user

Benefits:

- Change out the Heel Strap for an ankle strap that offers greater security
- Change out all of the straps for a "bulky boot" kit
- If a strap rips, simply replace it.
