

ErgoMates™ Give You More

- **More mobility.** Your movement is not limited by the size of a mat.
- **More safety.** Eliminate mat edges that cause trips plus added anti-slip characteristics of Ergomates sole.
- **More comfort.** Ergomates are worn over your footwear and do not compromise the footwear or dynamics of your foot like an insole may.

Additional Features and Benefits

- ErgoMates help to prolong the life of your footwear by protecting your heel and sole from wear and tear.
- ErgoMates help reduce injuries and claims due to slipping and falling.
- ErgoMates are washable and can be cleaned in the washing machine.
- ErgoMates unique strapping system securely fastens to almost any footwear and will not shift.
- ErgoMates provide insulation from the cold floor.

ErgoMates™ can significantly impact employee morale, health, safety and your organization's bottom line!

Musculoskeletal disorders accounted for almost one third of the injuries and illnesses with days away from work.

- MSD contributed to 32% of Total Days Away from Work accounting for a total of 402,700 days.
- Of the MSD's 13.2% are attributed to back pain, lower body soreness and connective tissue problems.
