

Kwik Shelf

PRODUCT SHEET

Kwik Shelf is a wire mesh shelving application designed to fit on boltless or rivet style racking. This durable wire shelving is capable of holding up to 500 lbs. (227 kg.). Unlike particle board or plywood, **Kwik Shelf** will not chip or sag and is resistant to water damage. The open mesh design allows the light in for a brighter workplace. All stock units include a 2"x4" (5x10 cm) mesh pattern with sturdy reinforcing wires along the bottom edge.

Kwik Shelf is easy to install and will provide years of useful life.
