

HIGH PERFORMANCE INDUSTRIAL MARKERS

PRO-MAX®

PRO-MAX is a liquid paint marker with an extra-large tip to provide the biggest and most highly-visible marks. The wear-, water- and weather-resistant paint dries quickly to leave bold, easy-to-read marks and is safe for almost any surface.

FEATURES & BENEFITS:

Largest marks available (up to 9/16", 14 mm) in an industrial paint marker

Extra large tip ideal for signage or safety marking where immediate identification is required

Xylene-free paint reduces user health risks and eliminates California Proposition 65, EPA HAPS and SARA 313 concerns in the U.S.A.

Valve-actuated tip releases paint on-demand for smooth, continuous use

Durable barrel resists breakage and self-storing cap fits snugly on end when not in use

Marking range: 0°F to 150°F (-18°C to 66°C)

INDUSTRY USES:

Industrial manufacturing

Automotive and other transportation

Signage

Shipping supply

Construction

SURFACE USES:

Steel and Iron

Plastic

Cardboard

Glass

Pipes and tubes

MARK SIZES:

3/16" (5 mm)

5/16" (8 mm)

9/16" (14.3 mm)

DETAILS:

90900 White

90901 Yellow

90902 Red

90903 Black

90904 Orange
90905 Blue
