

# PIG® Absorbent Pillow-In-A-Pan

#PAN201 - 10.375" x 10.375" x 3" • Absorbs up to 12 gal.

Use this pillow/pan combo to keep the runoff from a fully saturated pillow off your floor.

- Pillow has large surface area, high capacity and fast-wicking filler to quickly soak up liquids
- Polypropylene skin resists tearing; reduces dust and holds in liquid, even when saturated
- Cellulose filler is highly absorbent for long-term use
- Durable, low-profile pan slides underneath machinery and into other tight spaces; acts as a barrier to contain liquids
- Absorbs most common industrial liquids - oils, water, solvents, coolants; not recommended for acids, bases or other corrosive liquids
- Extra pillows are included so you can work longer before needing replacement absorbents
- Pillows can be incinerated after use to reduce waste or for fuels blending
- Use under leaking spigots, flanges, machinery and pipes to absorb nuisance drips; keeps your floors clean and safe

Always in stock. Ships within 24 hours.
