Our specially formulated Grippy® adhesive backing holds tight but peels up easily without residue.

## The only absorbent mat that *stays put no matter what.*®

PIG Grippy Mat reduces slip and trip hazards around workstations, walkways and machinery while it helps prevent liquid from being tracked around. Peels up easily for quick changeouts and reduces cleanup time. Apply to a clean, dry, oil-free surface; cuts easily with scissors or utility knife.

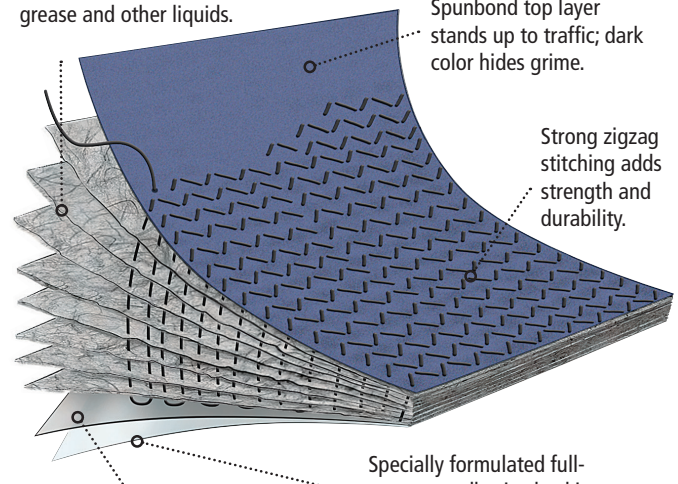

Reduce slip and fall claims by as much as 90%! Grippy Mat is tested and certified by the National Floor Safety Institute (NFSI) as a high-traction surface, which can reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program.

### Take a look inside our most absorbent Grippy Mat!

8 layers of fine-fiber polypropylene absorb oils, coolants, solvents, water, grease and other liquids.

Spunbond top layer stands up to traffic; dark color hides grime.

Strong zigzag stitching adds strength and durability.

Poly backing stops liquid from passing through to floors.

Specially formulated full-coverage adhesive backing holds tight but peels up easily without residue.

NOTE: All adhesives have potential to lift finish coatings or paint depending on the condition of the surface. PIG Grippy Mat is formulated to work with most industrial floor and work surfaces, but testing a 6" square piece in a noncritical area can help you judge suitability for your use.

Product life will vary depending on the type of use, level of liquid saturation and the frequency and intensity of foot and vehicle traffic.
