

PIG® Barrel Top Absorbent Mat with Skirt

#MAT182 - Heavy-weight • For 55-Gallon Steel Drum • 15 pads

Shaped to fit on drum tops to keep them clean, these absorbent mats last 2x longer than ordinary mats for fewer change-outs.

- Soak up pump drips without cluttering up your work space with dirty rags!
- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer
- Skirt absorbs liquids on the floor space surrounding a drum, helping keep your dispensing area clean, safe and dry
- Poly backing creates a liquid-proof barrier to stop absorbed fluids from passing through

Always in stock. Ships within 24 hours.
