

# PIG® Oil-Only Lite-Dri® Loose Absorbent

#PLP415 - Absorbs Oil-based Liquids But Not Water • 1 - 10 lb. Bag

Silica-free loose absorbent for oils and fuels, NOT water, is easier to lift and lighter to carry than clay; plus it's 3x more absorbent.

- Recycled cellulose repels water while absorbing only oil-based liquids
- Absorbent begins to work the instant it comes in contact with liquid
- Ideal for outdoor oil spills on land; floats to clean up spills on water
- A great choice for use in machine shops, automotive shops, spill kits, fluid storage areas and loading docks
