

PIG® Skimming Pulp

#SA8010 - Absorbs Oil-based Liquids But Not Water • 1 - 5 lb. Bag

Pound-for-pound, it's the most absorbent loose absorbent you can buy for oils and fuels, NOT water.

- Polypropylene construction absorbs petroleum-based liquids in hard to reach areas and adds absorbency to large spill cleanups
- Packaged loose so it can be broadcast into nooks and crannies where booms and pillows can't reach
- Floats to clean up spills on water confined by booms or socks
- Absorbs and retains oils and oil-based liquids - including lubricants, fuels and cleaning agents - without absorbing a drop of water
- Bright white color makes pulp easier to see in outdoor environments and clearly shows saturation level
- Can be incinerated after use to reduce waste or for fuels blending

Always in stock. Ships within 24 hours.
