

PIG® Above-the-Ceiling Leak Diverter

#TLS620 - 22.25" x 32.25" x 7.25"

This lightweight leak diverter sits directly above your ceiling tile to channel liquid away and help prevent damage.

- Installed diverter remains completely out of view while diverting ceiling leaks
- Mounted on a light-weight, sturdy frame that sits on suspended 2' x 2' or 2' x 4' acoustical tile
- Nonpermeable tarp is vinyl-coated for strength and durability; resists punctures, UV and mildew for long life
- Captured liquid drains through a 1/4" port into the attached 25' long PVC hose
- Assembles in less than 5 minutes, then it's ready to install above your drop ceiling
- Install side by side to protect larger areas
