

# PIG® TRAFFIC MAT® Poly-Backed Rug

#25451 - 36" x 100'

Help keep extreme-traffic walkways dry and safe with this highly durable, absorbent Rug. Heat-fused TRAFFIC MAT® Rug won't rip or fray, even under wheeled traffic, so it's perfect for ensuring heavy-use, splash-prone areas stay clean and injury free.

- 100% polypropylene material is heat fused and needle punched for incredible durability; won't ball or fray, even under wheeled traffic
- Roll out to add traction and absorbency near parts washers, paint areas, work benches, doorways, service bays and other high-wear areas
- Safely absorbs and retains oil, coolants, water, grease, gasoline, solvents, auto fluids, paint overspray, battery acid and most other liquids
- Can be air-dried for reuse when soaked with water or washer fluid
- Dark gray color hides grime, so Mat can stay on the job longer and still look clean
- Cut to length with scissors or knife for an exact fit in any location
- Poly Back prevents absorbed liquids from reaching floors or counters and provides added traction for safe footing
- Secure Rug with double-sided tape (not included), so it stays in place, even in breezy areas or on coated floors
- Self-extinguishing material helps eliminate fire hazards; melts instead of burning if contacted by direct flame
- Can be incinerated or compacted after use to better manage waste streams
