

PIG® Umbrella-Style Roof Leak Diverter Kit

#TLS461 - 30" x 30"

Easy-open, single-hook design makes this leak diverter the fastest you can buy for channeling away roof leaks.

- Installs faster than any leak diverter in our offering; just hang the hook, pull off the cover and connect the hose for hassle-free setup in minutes
- All-in-one kit is perfect for quick responses to prevent leaks from damaging inventory, machinery or creating slip hazards
- Hangs easily in problem spots to catch nuisance leaks; flexible PVC drain hose channels them to a floor drain or collection container
- Impermeable tarp is vinyl coated for strength and durability; resists punctures, UV and mildew for long life
- Your choice of three colors: yellow material draws attention; clear material shows liquids and lets light pass through; translucent material shows liquids and blends in with white ceilings
- Tapered sides help funnel liquids toward center for better drainage
- 3/4" drain fitting accepts longer hoses if necessary
- Flow rate of 3.33 gallons per minute when used with a 1/2" ID hose
