

Safety/Anti-Fatigue – WET (PVC) CUSHION-DEK™

APPLICATIONS:

Harsh environments that require a surface with traction and basic anti-fatigue properties.

BLACK

29

420 CUSHION-DEK™ (BETTER) 422 CUSH-DEK™ W/GRIP-STEP® (BETTER)

Cushion-Dek™ is made from a tough vinyl compound molded with a raised pyramid design to enhance traction. Slotted perforations allow for moisture to drain from the worker platform in wet environments. A studded bottom surface raises the mat and allows for channeling of moisture. The 422 Grip-Step® version comes with a thick gritted layer applied to the top surface for extremely slippery environments.

Product info:

- Tough PVC compound molded with a raised pyramid design to enhance traction
- Made from 100% recycled materials
- Slotted perforations allow moisture to drain from worker platform
- Studded bottom surface raises mat and allows for channeling of moisture and continuous aeration
- Grip-Step® thick gritted layer applied to the top surface for extremely slippery environments (422)

Thickness: 7/16"
